

**Water Advisory Board**  
Meeting Agenda  
Friday, January 10, 2025  
Large Conference Room 9:00am

1. Review of TRC Engineering proposals for the White Farm Road Booster Station and the Water System Valve Rehabilitation. Anticipate receipt of the proposals the first week of January. In the unlikely event we do not receive the proposals, the January 10th meeting will be canceled.

It will be too early for an update on the Copper/Softener Test.

Please let me know if you would like to add an item to the Agenda.

Bonnie Crosser
