

Water Advisory Board
Meeting Agenda
Friday, February 14, 2024
Large Conference Room 9:00am

- A. Contracts signed for the White Farm Road Booster Station AND Water System Valve Rehabilitation.
Discuss timing of the monthly written progress report: status, outstanding issues, items needed for further consideration, and other items. Do we want TRC participation in our monthly meetings - either in person or on the phone when providing the progress report? We could ask for the report three days in advance, etc. Will discuss.
- B. Water Treatment Rehabilitation Project: discuss the options for the Generator. Decision to move forward with this project and INCLUDE the generation.
- C. Copper Testing. Results from the samples sent.
- D. Status of the Service Pump at the Water Plant.
- E. Review of the water outage on 2/3/25: timing and communications

Please let me know if you would like to add an item to the Agenda.
