

Water Advisory Board
Meeting Agenda
Friday, August 9, 2024
Large Conference Room 9:00am

1. TRC Project Update. Revised mapping phase of the project.
2. Status of experimental water meters and testing locations.
3. Next steps and action items.

TRC has revised the mapping of the water lines with color coding for sizing. Will review the mapping and discuss open areas requiring further discovery.

Please let me know if you would like to add an item to the Agenda.
